

Features:

1. Mesawith 304 stainless steel pipe welding forming, long time use is not rusty, convenient fixed sample.
2. Motor parts are all sealed with stainless steel plate to prevent leakage.
3. Turntable motor selection DC motor, safe and reliable.

Technical parameters:

Equipment parameters		
	Item No.	LX-IPXC05A
1	Diameter	∅ 500 mm
2	Load Bearing	Maximum 50KG
3	Speed	1-5r/min
4	Apply	IPX3, IPX4 Testing
5	Up-down Adjustment Range	950 ~ 1550 mm
6	Lift range	Fixed type
7	According to	IEC60529:1989+A1:1999
